# Valuable skills, valuable training

## RRC delivering real value in health, safety and environmental training

We know that people who choose RRC's training courses do so because they want the best course and the best service available in HSE training. How can we be so sure that we offer that?

- Our experience: for over 80 years, RRC has been developing and delivering innovative training programmes to individuals wanting to develop their skills and careers, and companies needing to improve performance.
- Over a million successful students and thousands of businesses have chosen RRC as their preferred provider meaning that you can be sure that your hours of study will be well spent.
- We offer a broad range of bespoke RRC health, safety, environmental and quality management training that includes externally accredited courses from NEBOSH, IOSH, CIEH, IEMA, IOA, ConstructionSkills and CQI, as well as numerous online short courses.
- RRC offers flexible learning solutions, which include face-to-face teaching, e-learning, distance learning and a combination of each of these. We will talk to you about your situation and ensure we match your needs to the best training technique for you.
- Full use is made of the latest technology in order to ensure that the course you choose from RRC remains at the forefront of HSE training, future-proofing your qualification.
- Our approach to course development sets us apart, in that our team comprises not only tutors who are experts in their chosen subjects but also experienced educationalists who ensure that the courses are written to allow you the best studying experience on the market, which in turn gives you the best possible of exam success.

With students in more than 80 countries, we pride ourselves on our international reputation for providing relevant, credible and personalised training anywhere in the World, with a local exam centre to complete the service.

Whether it is an off-the-shelf course or a bespoke programme designed to meet the specific needs of you or your business, RRC can develop and deliver it how, where and when it suits you.

## Excellence

RRC Training works with you to create training solutions to suit your needs. Our Training Advisors are here to ensure you choose the best course for you from our comprehensive range of health, safety, environmental and quality courses. These include NEBOSH, IOSH, CIEH, IEMA, IOA Construction Skills and CQI programmes as well as shorter, more generic courses designed to meet the specific needs of businesses. You can spend from 30 minutes to five days on one of our courses. We cover all elements of health and safety, and our courses can be easily adapted to suit your specific requirements and incorporate the policies and procedures of your business.

As well as being ISO 9001 accredited, RRC is also accredited by the Open and Distance Learning Quality Council, and is a member of the European Association for Distance Learning and the British Institute for Learning and Development giving you further assurance of the quality of our courses.

## Expert

RRC's qualified and experienced trainers are the best in the business; their knowledge and experience is key to the success we have in delivering training that is appreciated and enjoyed by students, and produces the results they need. RRC consistently achieves pass rates which are significantly above average, and our high numbers of distinctions and credits are rising all the time. All the best trainers want to work with us because we are the leading training company in this field with eighty years experience of developing courses which ensure the best pass rates for students.

## Value

Study and revision are facilitated by our extensive and easy-to-use study materials, which have been written specifically for the syllabus by our excellent tutors who also act as consultant sources of information and reference. Only RRC develop courses like this, which means we give you value for money and value for your study hours. We take your study time seriously and ensure our courses are written to make the most of each hour.

We offer face-to-face revision workshops designed to help with last-minute exam preparation and ensure that candidates know exactly what they will face on the day. Our revolutionary 'Programmed-to-Pass' is an online revision tool that leads candidates through the entire revision process, explaining exactly what needs to be done to achieve success. It is the only one on the market and it does exactly what it promises, for students.

## Innovation

Our website [www.rrc.co.uk](http://www.rrc.co.uk) provides a wealth of useful resources, many of which are completely free:

- A tutor blog providing an expert view on the latest news, a must for students and practitioners alike
- Technical updates providing information on recent legislative changes
- The RRC podcast series offering a light-hearted approach to health and safety issues
- Free downloads and resources, aimed at all those involved in HSE

# More choice, more support, more flexible learning

## 80 years of excellence

RRC have a long and successful track record. 80 years ago we were pioneers and innovators in distance learning and over 30 years ago we launched our first health and safety qualification programme. Over the years, well over a million students have enjoyed success with RRC and continue to do so. So what makes us different?

## Choice of how you study

RRC offers more choice than any other NEBOSH provider so you can choose the method that best suits you.

- Face-to-face
  - Block Release - London
  - Day Release - Newcastle
  - In-Company
- Flexible Learning
  - e-Learning
  - Distance Learning
  - Blended Learning - London & Birmingham

## Choice of where and when you study

With our flexible learning courses, you can study at any time, anywhere in the world.

Our face-to-face venues include London, Birmingham, Chorley, Newcastle, Bahrain & Dubai or wherever you want it to be if you book an in-company course. Our tutors are intrepid and travel all over the World to deliver their top quality training.

## Expert support

One of the many areas where RRC differ from others is in the unlimited support we provide to our students. Our e-mail and telephone tutor support network is available to all students right up to their exam.

Our team of 30 HSE experts deliver our courses, support our students and help to develop and maintain our materials. They are all fully qualified and are an effective mix of academics, practitioners, consultants and NEBOSH examiners.

Customer Advisers are available to answer any administrative queries and take the hassle out of organising your exams so you can just concentrate on passing them.

## Quality up-to-date study materials

RRC's courses are developed by a dedicated in-house team working to exacting standards. Only the very best subject experts are commissioned as writers.

Unlike most static texts, RRC's materials are updated constantly, with major revisions notified quarterly.

RRC's learning materials are so well respected that they are used by many colleges and institutes, both in the UK and internationally.

## Full exam arrangement service

We have a team dedicated to making sure our students' exam arrangements go smoothly. If you book your exam with RRC, we make all the necessary arrangements, whether you are sitting in London, Mumbai or Sydney.

What is more, if we do not offer a centre near you we will do our best to find you a suitable exam venue, whether in the UK or overseas.

## UK Exam Centres

RRC run our own exam centres in London, Birmingham, Chorley, Newcastle, Glasgow, Bahrain & Dubai.

We also have long term, excellent working relationships with many UK NEBOSH exam centres so if our centres are not convenient, let us know and we will offer a choice nearer to home.

## Worldwide Exam Centres

Last year RRC arranged and ran exams in 80 countries using British Councils and other networks of exam centres.

Whilst we cannot promise that we can arrange your exam in every country in the world, we will go out of our way to meet your needs.

## Value for Money

There are no hidden costs with RRC.

We will tell you what the course and the exams cost and exactly what you get for your money.

There are no unpleasant surprises when you come to sit your exam.

Our pricing is designed to provide value for money.

For our flexible learning customers, we also offer a 30-Day Money Back Guarantee so you can buy with confidence. If the course is not for you, simply return the course and get your money back.

# RRC's NEBOSH Diploma

## NEBOSH

The National Examination Board in Occupational Safety and Health (NEBOSH) has a well-deserved reputation for providing academically rigorous awards, which is why it is still the preferred awarding body for many sectors. NEBOSH offer a wide range of professional qualifications, all of which provide the perfect grounding for a career in health and safety.

## National Diploma in Occupational Health and Safety

The NEBOSH National Diploma is a prestigious and demanding qualification aimed at professional Occupational Health & Safety Practitioners. Firmly established as the UK's leading qualification for health and safety professionals, the NEBOSH Diploma is now rapidly setting the standard internationally.

### ENTRY REQUIREMENTS

The Diploma is assessed at Level 6 (UK National Qualifications Framework) which is equivalent to that of a University Degree programme. There are no formal entry requirements for the NEBOSH Diploma BUT the syllabus assumes entrants already have broad basic knowledge and experience of health and safety. It is therefore highly recommended that those seeking to start the Diploma should have achieved a NEBOSH Certificate or equivalent before starting on the Diploma Programme.

RRC accept holders of the following qualifications for automatic entry to their programmes:

- NEBOSH National General, Construction, Fire and International Certificates
- NEBOSH National Diploma (Part 1)
- A degree or postgraduate diploma in a relevant subject
- NVQ Level 3/4 in Health & Safety in the Workplace or Occupational Health & Safety Practice

The suitability for entry of other applicants is evaluated on a case-by-case basis, taking account of any evidence of broad basic knowledge and experience of health and safety assumed in the Diploma Syllabus.

### WORK-BASED ASSIGNMENT

Since the Diploma involves completing a work-based assignment, applicants must be working in, or have access to, a suitable workplace. If you have any concerns about your ability to fulfil this requirement, contact us at RRC and one of our Training Advisers will be able to help you.

The NEBOSH National Diploma programme is divided into four units. You must complete all units within 5 years to achieve the NEBOSH National Diploma in Occupational Health & Safety:

#### UNIT A: MANAGING HEALTH AND SAFETY

- 1 Principles of health and safety management
- 2 Loss causation and incident investigation

# Studying with RRC – Face-to-Face

## NEBOSH National Diploma

Led by RRC's expert tutors, our courses always receive excellent feedback, and we are justifiably proud of the consistently high results achieved by our students. We monitor every aspect of our service from the tutor to the catering and continuously work to ensure the highest standards are maintained.

Our classroom environment provides an interactive and disciplined place for you to learn. The numbers on our courses are limited so you will receive personal attention, and be encouraged to share professional experiences with fellow classmates, enabling you to gain practical knowledge of a wide range of industries.

Extensive support materials make revision easy, and you have the back-up of an expert tutorial panel on hand to help with that last-minute revision before the exam.

# Studying with RRC – Blended Learning

## Blended Learning

This course is a structured programme combining set periods of private study with 3 intensive 5-day blocks of face-to-face teaching.

The programme incorporates a detailed plan that directs you on the private study you need to complete prior to attending your intensive face-to-face sessions. You also, of course, get our comprehensive course materials, written specifically to cover all aspects of the syllabus. During the intensive workshops, your expert tutor will review key topics, as well as summarising some of the issues covered in your private study. You have unlimited tutor support by phone and e-mail during your private study periods so help is always at hand and our programme has been planned to leave at least 4 weeks of exam revision time.

## Course Structure

Each unit is based on a twelve-week study period (hence the enrolment cut off dates of 1 April for the July exam and 1 October for the January exam) but you can enrol earlier than this and spread the private study over a longer period if you wish.

In order to derive the greatest benefit from the course, you should ensure that you complete the required private study before your face-to-face sessions.

Throughout your private study and right up to the exam you will have e-mail and telephone access to RRC's NEBOSH Diploma tutor team.

The programme timetable is outlined on the following page. (Note study hours are approximate, exclude breaks and are dependant on previous knowledge and experience. Though not identified in the study hours, you would normally also be given 'homework', such as exam practice questions, to complete each evening during the face-to-face part of the course).

# RRC Revision support

## Revision

We all know that 'revising' is the key to passing an exam but knowing exactly what you need to do is not always easy. RRC have developed a range of revision tools to let you in on the secrets of success.

- Online – RRC's Programmed-to-Pass is a unique, structured revision package for those who need the ultimate step-by-step guidance on what they need to do to achieve success
- Classroom – Revision workshops for those who want that final input from an expert tutor. Available in London Birmingham and Newcastle
- Publications – RRC's Revision Notes and Exam Success are essential aids designed to ensure you are fully prepared for the exam

## Programmed-to-Pass

This unique online revision package takes the mystery out of revision. It leads you through the entire process of revising for your NEBOSH Diploma from start to finish, telling you exactly what you need to do to achieve success.

Each session starts with 'At a Glance' providing you with a summary of your activities for the session to ensure you'll be on track for the exam.

- Sessions 1-10 get you thinking not only about the key topics you need to know, but also about general revision and examination technique
- Revision topics are highlighted to ensure you don't miss key sections, plus an indication of how long you should be spending on each section
- True or false questions provide a quick check of knowledge. Submit your answers and get an instant result with further tips and hints
- Mnemonic of the day helps you remember key phrases or terminology
- Pic of the day helps you visualise key pieces of information
- Tutorials on key revision techniques, such as motivation, visualisation, effective reading and the use of mind maps and flash cards
- Sessions 11-20 focus exclusively on revision and past exam questions, ensuring that you have plenty of experience of answering questions and will not be fazed on the day of the exam

## Face-to-Face Revision Workshops

The interactive nature of the revision workshops provide you with the opportunity to discuss specific subjects with the tutor, practise questions and get feedback on your answers as well as exchange last minute tips with fellow students. It also gives you the chance to learn how to avoid the common mistakes made in exams so you don't fall into the same trap. Our workshops are an essential way to build confidence in the run-up to the exams.

- One-day workshop available for Units A, B, C and D
- Gives you the opportunity to review key topics from across the whole syllabus
- Run by expert tutors, many of whom are also NEBOSH examiners and know exactly what will be expected of you in the exam
- Gives you the chance to work through past exam questions with both a tutor and your fellow students
- Benefit from the experiences of fellow students and swap ideas

## Revision Notes

Our most popular range, essential for exam revision:

- Provide a concise overview of all the key topics identified in the NEBOSH syllabus
- Structured to closely follow the relevant NEBOSH syllabus so that you can easily find the topics you're looking for and map them against your course notes
- Supplied as either printed A5 booklets or as electronic PDF files

# What our students say

"Whenever I saw a good job there was a requirement for a NEBOSH health and safety qualification. I really wanted to be in the health and safety profession, so when a close friend recommended RRC Training and their e-learning courses, I didn't hesitate.

RRC's e-learning course was perfect for me because of its flexibility. I enrolled in October but knew I couldn't give it my full attention until I had finished my Masters. The flexibility allowed me to go online when I could with no time restrictions – and once my degree was complete, I gave it 100%.

One of the great things about RRC's e-learning course is you can test yourself as you go, which I found invaluable. It highlighted my weaknesses so I knew exactly where I had to put in more revision. Plus RRC has online forums, where you can chat to other students and ask questions. The e-Zone really helped me and provided masses of information to help me successfully pass the course.

RRC's Customer Services Advisers were great – so supportive and helpful. RRC made everything straightforward, and with so much accessibility, I really couldn't fail. Now, thanks to RRC, I'm perfectly placed to pursue my health & safety career."

**Pearl Enuoyibo**

NEBOSH International Certificate by e-learning

"I am finding it surprisingly convenient and user-friendly – it really strikes me that a lot of thought has gone into how individuals can study effectively at a distance, bearing in mind work & family commitments always demand time and create distractions which can make it really difficult. The way the course

is put together allows bite sized learning, which I have found really valuable as I can dip into it at lunchtime and on the train commute and feel that I have learnt and achieved something.

I enrolled on RRC's "Introduction to Environmental Management Systems" to gain a detailed and practical understanding of EMSs, particularly ISO 14001. The fact that the course is IEMA accredited and provides professional recognition was important for me. I was quite apprehensive about undertaking an e-learning course, however I have found it to be clearly written, well-structured and thoughtfully designed. The electronic learning environment is really convenient, easy to access and navigate around. It provides all the course information, further points of reference and allows easy communication with the tutors who are approachable and helpful. I am thoroughly enjoying the course and have no hesitation in recommending it or RRC as training providers. I hope to continue further vocational training and upskilling with RRC in the future"

"I have taken the online Accident Investigation course and I successfully scored 92%. Your online portal is so brilliant and user friendly. Your training materials on my NEBOSH, CIEH and the Accident Investigation courses were perfect and straight to the point"

"I want to thank RRC for the...course material that is on the online library...I find the new course notes really easy to read and straight to the point. I think they will really boost our chances to pass the exams. Thank you!"

**Lawrence Sama**

"Today was my first experience with RRC's short course, I never expected that it will be that efficient and well structured, in spite of the fact that I have studied this topic so deeply in Unit A of the NEBOSH International Diploma. I can confirm that I have well refreshed my knowledge I gained in

the Diploma, many thanks to everyone who contributed in the establishment of this course, well done"

# RRC Online and In-Company Courses

## RRC's Online Courses

A new exciting range of short online courses from RRC designed to help organisations and individuals develop essential health, safety and environmental skills as and when required, in a way which fits in with you and your life.

These short courses combine the benefits of an interactive classroom situation with the flexibility and accessibility of online study. They are loaded with videos and interactive animations that make learning fun and relevant.

Across the range, the key information is broken down into bite-sized chunks and interspersed with activities designed to reinforce understanding for maximum results. Throughout, the focus is on applying your knowledge to real-life situations so you can be sure to see the results reflected in your daily work.

All courses include a free downloadable workbook containing all the topics covered, which works well as a handy reference guide and provides a refresher if you want to remind yourself of what you've learned. Courses also include a final assessment with an RRC certificate for those who pass.
