Accident/Incident Causation and Investigation

This seminar has been designed for all persons who need to understand the theory of loss and causality and the reporting and investigation of such events.

Who Should Attend?

This seminar is suitable for anyone who requires a better understanding of the process of loss causation and accident/incident investigation.

Aims

The principal aims are to equip delegates with sufficient understanding to be able to investigate, analyse and (if necessary) report loss events.

Content

- Outline of Domino and multi-causality theories of loss causation, immediate and underlying causes and accident ratio studies
- The methods of calculating injury rates from raw data
- Identifying patterns and trends
- Presenting and interpreting loss event data in graphical and numerical form
- Statutory reporting requirements and procedures
- Investigation of loss events: guidance (HSG245); purpose; procedures and methodologies; use of failure tracing methods

Duration

One day (7 Hours)

Course Fees

In-Company (UK)

£950 + VAT plus £25 per delegate
at client's own premises

All delegates will be issued with a workbook and a Certificate of Attendance.

This course can also be run outside of the UK and we also offer courses at our own training centre. Contact us for further details.

In-Company Training

RRC Training help you to create training solutions to suit your business' needs. We offer a broad spectrum of Health and Safety training, from NEBOSH, IOSH and CIEH accredited courses, to courses providing more generic health and safety skills.

Whether its an off the shelf course adapted to meet your requirements, or a bespoke course designed to meet your specific needs, RRC can deliver it anywhere in the world in the way most effective for your business.

Our *Diploma Bite* courses even allow your staff to build up Diploma-level knowledge topic by topic so they can learn about what's relevant to their role or industry without embarking on a full Diploma programme.

Professional Qualification Courses

- NEBOSH National General Certificate in Occupational Safety and Health
- NEBOSH National Certificate in Construction Safety and Health
- NEBOSH International General Certificate in Occupational Safety and Health
- NEBOSH Certificate in Fire Safety and Risk Management
