

The Construction (Design and Management) Regulations 2007

This seminar has been designed for all persons who may be 'duty holders' under the CDM 2007 regulations, and anyone with responsibilities for health and safety matters relating to construction activities.

It is intended to provide delegates with a greater understanding of the key requirements of CDM 2007 and the changes brought about by the introduction of the revised regulations.

Who Should Attend?

This seminar is suitable for anyone who may be a 'duty holder' under the CDM 2007 regulations (see above) and also for anyone with management responsibilities, or health and safety responsibilities, relating to construction activities.

Aims

The principal aims are to provide delegates with sufficient knowledge and information to allow them to ensure individual and / or organisational compliance with the requirements of CDM 2007.

Content

- Health and safety in the construction industry
- CDM 2007 – an overview
- Application of the regulations
- Duty holders:
 - The client
 - The designer
 - The CDM co-ordinator
 - The principal contractor
 - Contractors
- Duties and responsibilities
- Evaluating competence
- Communication, co-ordination & co-operation
- Planning and preparation
- The health and safety file
- Enforcement
- Sources of information and guidance

Duration

1 day

Course Fees

In-Company (UK)

£950 + VAT plus £25 per delegate at client's own premises

All delegates will be issued with a *CDM 2007 Workbook* and a Certificate of Attendance.

This course can also be run outside of the UK and we also offer courses at our own training centre. Contact us for further details.

In-Company Training

RRC Training help you to create training solutions to suit your business' needs. We offer a broad spectrum of Health and Safety training, from NEBOSH, IOSH and CIEH accredited courses, to courses providing more generic health and safety skills.

Whether its an off the shelf course adapted to meet your requirements, or a bespoke course designed to meet your specific needs, RRC can deliver it anywhere in the world in the way most effective for your business.

Our *Diploma Bite* courses even allow your staff to build up Diploma-level knowledge topic by topic so they can learn about what's relevant to their role or industry without embarking on a full Diploma programme.

Professional Qualification Courses

- NEBOSH National General Certificate in Occupational Safety and Health
- NEBOSH National Certificate in Construction Safety and Health
- NEBOSH International General Certificate in Occupational Safety and Health
- NEBOSH Certificate in Fire Safety and Risk Management
