

IOSH Supervising Safely

This course has been designed for supervisors who require a basic knowledge of health and safety as part of their role.

Who Should Attend?

The IOSH Supervising Safely course is designed for those with a supervisory function in their role who are seeking the knowledge required to help them comply with their health and safety responsibilities.

Aims

The principal aims are to provide delegates with sufficient knowledge and information to allow them to discharge their supervisory function with respect to health and safety.

Content

- Helping managers and directors create a safe and healthy working environment
- The supervisor's role with regard to risk assessment
- Workplace processes and their associated risks
- Workplace inspections and recording details
- Workplace precautions
- Taking into account the health and safety aspects when asking someone to carry out a task or job and providing the appropriate control measures
- Assessing existing health and safety conditions and procedures against set standards
- The procedure for reporting accidents, incidents and near misses
- Communicating guidelines for emergency procedures to all personnel
- Communicating with all levels of management and personnel including others sharing or working in the same premises who may be employed by the organisation, including contractors, subcontractors and agency personnel.
- Co-ordinating contractors and understanding how to identify levels of competency
- How industry affects the environment and the ways in which individuals can minimise pollution and waste.

Duration

Two days (14 Hours)

Course Fees

In-Company (UK)

£1,900 + VAT plus £25 per delegate at client's own premises

All delegates will be issued with a Workbook and a Certificate of Attendance.

This course can also be run outside of the UK and we also offer courses at our own training centre. Contact us for further details.

In-Company Training

RRC Training help you to create training solutions to suit your business' needs. We offer a broad spectrum of Health and Safety training, from NEBOSH, IOSH and CIEH accredited courses, to courses providing more generic health and safety skills.

Whether its an off the shelf course adapted to meet your requirements, or a bespoke course designed to meet your specific needs, RRC can deliver it anywhere in the world in the way most effective for your business.

Our *Diploma Bite* courses even allow your staff to build up Diploma-level knowledge topic by topic so they can learn about what's relevant to their role or industry without embarking on a full Diploma programme.

Professional Qualification Courses

- NEBOSH National General Certificate in Occupational Safety and Health
- NEBOSH National Certificate in Construction Safety and Health
- NEBOSH International General Certificate in Occupational Safety and Health
- NEBOSH Certificate in Fire Safety and Risk Management
