WHY RRC?

For more than 90 years, RRC (The Rapid Results College) has been involved in education - developing, maintaining and delivering innovative training programmes. We offer a broad range of health, safety, environmental and quality management training, including NEBOSH, IOSH and ISEP (formerly IEMA) courses.

RRC's course materials are highly respected and are used worldwide by training providers and educational organisations to deliver high-quality learning programmes that meet the syllabus requirements of the relevant awarding bodies.

RRC's courses are developed by a dedicated in-house team working to the highest quality standards. Only the very best subject experts are commissioned as writers. Our Course Development team comprises not only tutors who are experts in their chosen subjects but also experienced educationalists. RRC's materials are reviewed and updated constantly, with major revisions notified quarterly.

Please note that the purchase of RRC resource material does not denote accreditation by awarding bodies.
