

RRC's NEBOSH Environmental Management Certificate

RRC's **NEBOSH Environmental Management Certificate** provides a comprehensive introduction to environmental management systems, international standards and current best practice for control of environmental hazards. It is designed to be globally relevant and benefit companies in all industry sectors who are seeking to implement effective environmental management systems, increase positive environmental impacts, and reduce negative environmental impacts.

RRC's **NEBOSH Environmental Management Certificate** is widely respected by employers worldwide and provides knowledge and skills to support the introduction and maintenance of the environmental management standard ISO 14001 within your organisation.

Course Content

RRC's NEBOSH Environmental Certificate is made up of two units which must be successfully completed within five years:

Unit EMC1: Management and Control of Environmental Aspects

- Foundations in Environmental Management
- Environmental Management Systems
- Assessing Environmental Aspects and Impacts
- Planning for and Dealing with Environmental Emergencies
- Control of Emissions to Air
- Control of Environmental Noise
- Control of Contamination of Water Sources
- Control of Waste and Land Use
- Sources and Use of Energy and Energy Efficiency

Unit EMC2: Assessing Environmental Aspects and Associated Impacts

Assessment

- Unit EMC1 is assessed by a scenario based assessment completed at home. You have 24 hours to complete this.
- Unit EMC2 is assessed by a three-hour practical assessment carried out in your workplace (or another suitable workplace).

Exams are held 4 times a year.
