

IEMA Foundation Certificate

The **IEMA Foundation Certificate in Environmental Management** provides a solid foundation of environmental and sustainability knowledge to build on. It is aimed at:

- Staff who have recently become involved in environmental management
- Those where environmental management is an integral part of a wide range of responsibilities.

The IEMA Foundation Certificate meets the requirements for **Associate Membership of IEMA (AIEMA)**.

Course Content

The IEMA Foundation Certificate in Environmental Management course covers:

- Implications of global trends for the environment, society, the economy and for organisations
- Sustainable business/governance principles
- Environmental principles
- Major policy and legislation
- Major tools, techniques, systems and practices to improve sustainability performance
- The role of innovation in developing sustainable products, services and solutions
- Data collection, analysis and evaluation
- Research and planning for sustainable solutions
- Effective communications and feedback
- Stakeholder engagement
- Tools and techniques to identify opportunities and risks
- Environmental and sustainability performance improvement

Assessment

The **IEMA Foundation Certificate in Environmental Management** is assessed by a 1 hour multiple choice exam, which is completed online.
