

## December 2025

### Welcome!

Hello and welcome to the December 2025 issue of the RRC Newsletter.

Here's an overview of the most recent and important developments at RRC and what you can look forward to in the coming months. As always, you can find more information on our website: [www.rrc.co.uk](http://www.rrc.co.uk)

### New Quick Reference Guide Out Now - Influencing Health and Safety Culture in the Workplace

RRC have expanded their Quick Reference Guide range with our brand new title - *Influencing Health and Safety Culture in the Workplace*. This definitive guide moves beyond rules and regulations to explore the true foundation of workplace safety: a thriving Health and Safety Culture, and how to influence it.

By embracing the principles in this guide, you will transform safety from a passive compliance exercise into an active, shared responsibility, leading to a safer, more efficient, and ultimately more successful organisation.

This publication goes beyond theory to equip professionals with the knowledge to proactively improve safety, helping to transform it from a set of rules into a shared organisational value.

You can get your copy in print or eBook format through the [RRC Website](http://www.rrc.co.uk).

### Upcoming Events

#### ISEP Connect Online Conference - 9-10 December

ISEP Connect 2025 is a free to attend online two day conference bringing together industry experts, thought leaders, and professionals from around the globe. Explore the latest trends, best practices, and innovations in health, safety, and environmental management, and gain the insights you need to strengthen your skills and stay ahead in your field.

You can find out more information and register for your place [here](#).

#### Safety, Health & Wellbeing Live North - 10-11 February 2026

SHW Live is back in Manchester for another year. The show offers the high-quality seminars and exhibitors you've come to expect from SHW, and is looking to be even bigger and better than last year.

This event provides a great opportunity to meet our customers and students face to face and advise on the range of courses, products, and consultancy services that RRC provide, and RRC are delighted to return as a Founding Partner.

## December 2025

RRC will be delivering sessions across the 2-day event, so keep an eye out for announcements with details to make sure you don't miss out.

You can find out more information and register for your place [here](#).

### RRC Podcast

Did you know RRC has a podcast available on Apple Podcasts, Spotify and Amazon Music? It's called "Did History (Actually) Teach Us Anything?" and if you are studying a course with us that has a scenario-based assessment, you will find the format of deconstructing an event and looking at the implications useful for your studies and assessment preparation. Plus it is an interesting and entertaining listen, exploring historical events that you may think you know about already. Episodes are released at the start of every month.

Get the podcast from these links:

### Sharing Success

Our social media channels are seeing a lot of happy RRC Learners sharing their success, a great joy for all of us at RRC. We really appreciate the hard work you all put into your studies and we are always looking to improve how we can provide support to make your journey to success as easy as possible. Please continue to share your success and give us your feedback. Visit our LinkedIn page to share your experiences with us: <https://www.linkedin.com/company/rrc-training/>.

## December 2025

**RRC Blog**

Members of the RRC team, including myself and John Binns, continue to add Blogs to help you with your studies. The latest offerings include:

- [Health and Safety Data Skills: Why They Matter and How to Develop Them](#)
- [What is Environmental Management?](#)
- [How to Become a Health & Safety Officer](#)
- [Top Tips for Managing Biodiversity for Environmental Practitioners](#)
- [Neurodiversity in the Workplace](#)

Look after yourselves and stay safe. Enjoy the festive season, and I look forward to seeing you in the New Year.

All the best,

Richard Stockley  
Managing Director

## Student Focus

In this section of the newsletter, we focus on any important information that applies to your course. Please review the following carefully for anything that may impact your studies.

## NEBOSH Resources

### Guidance

If you are studying for a NEBOSH qualification, we would like to remind you that guidance from NEBOSH is available in the following publications, which can all be accessed from the 'Qualifications' area of the NEBOSH website (under 'Resources' for each relevant qualification):

- **NEBOSH Scenario-Based Assessments: Guidance for Learners**

This provides guidance on Scenario-Based Assessments for NEBOSH qualifications. It gives examples of extracts from past scenarios, types of questions and how marks would be awarded for answers.

**(Note: only relevant to digital assessments.)**

- **NEBOSH Certificate Scenario-Based Digital Assessments: Learner Guide**

This gives guidance on the Open Book Examinations for Certificate Units NG1, IG1, CN1, CI1, FSC1 and EMC1. Its aim is to help learners prepare for the digital assessment and the closing interview.

**(Note: not relevant to any other Certificate units.)**

- **NEBOSH National and International General Certificates in Occupational Health and Safety Assessments: Learner Performance Report May 2023**

This uses the May 2023 Unit NG1 Open Book Exam as an example. It gives advice on the kind of answers that would attract marks and those that would not and guidance on how to approach similar questions that you could expect to see in future papers.

**(Note: only relevant to Units NG1 and IG1.)**

- **Diploma Digital Assessment: Learner Guide**

This gives guidance on the digital assessments for Diploma Units DN1, DI1, DN2, DI2, DN3 and DI3. Its aim is to help learners prepare for the assessment and the professional discussion.

**(Note: not relevant to any other Diploma units.)**

- **Guidance on command words used in learning outcomes and question papers – Certificate qualifications**

This gives definitions of command words and example responses to everyday scenarios and typical exam questions.

**(Note: only relevant to Unit IOG1.)**

- **Guidance on command words used in learning outcomes and question papers – Diploma qualifications**

This gives definitions of command words and example responses to typical exam questions.

**(Note: only relevant to Units A, IA, B, IB, C and IC.)**

We strongly recommend reading the guidance referred to above that is relevant to the units you are studying, as part of your preparation for the assessments.

## Sample Papers/Assessments and Examiners' Reports

The following are available on the NEBOSH website (under 'Resources' for each relevant qualification):

- **Sample Papers** for Units NG1, IG1, CN1, CI1, FSC1, EMC1 and IOG1.
- **Sample Assessments** for Units DN1, DI1, DN2, DI2, DN3 and DI3.
- **Examiners' Reports** for Unit ED1.

### Note on Assessment Terminology

NEBOSH use the following terms in relation to their assessments - we thought it would be useful to clarify what RRC see these as, so we can put your mind at ease, as it could be a little confusing:

- **Digital assessment:** the way the assessment is delivered and completed is entirely electronic, meaning you download the assessment paper and submit it electronically using the NEBOSH platform.
- **Scenario-based assessment:** this is the style of the assessment. It uses a scenario which you need to read, refer to and rely on when answering the questions/completing the tasks in the paper.
- **Open-book exam:** this is the format of the assessment. An open-book exam, as you know, allows you to refer to resources and notes while you are completing the paper.

We also recommend reading **section 4.4 (Learner malpractice)** in the NEBOSH Malpractice Policy, available at <https://www.nebosh.org.uk/policies-and-procedures/malpractice-policy-and-procedures/>, to ensure you understand what constitutes unacceptable practice in relation to your examinations and assessments.

## RRC Resources

### RRC Health and Safety Law and Case Law Guide

We have updated the Health and Safety Law and Case Law Guide in relation to some recent legislation. If you are studying a national (UK) course, please note the change below.

#### UKCA Marking

This entry has been revised. You can access it here:

[UKCA Marking](#)

### RRC Environmental Law and Case Law Guide

We have updated the Environmental Law and Case Law Guide in relation to some recent legislation. If you are studying a national (UK) course, please note the changes below.

#### Waste Electrical and Electronic Equipment Regulations 2013

In this entry, the first paragraph has been amended to read as follows:

“The Regulations have been amended on numerous occasions, for example 2018 and 2025. The changes have been inserted in the text below which gives an overview of the principal Regulations.”

At the end of the entry, the following new paragraph has been added:

“Amendments introduced by the **Waste Electrical and Electronic Equipment (Amendment, etc.) Regulations 2025** mean that the cost of dealing with waste from EEE supplied by sellers outside of the UK via online market places (OMPs), well-known examples being Amazon or eBay, is with the OMP rather than the overseas sellers. Requirements to keep records, join a compliance scheme, etc. apply to these organisations as they would to other producers.”

#### Waste Management Licensing (Scotland) Regulations 2011

This entry has been removed. (The Regulations have been revoked.)

## NEBOSH Diploma

### NEBOSH National Diploma for Occupational Health and Safety Management Professionals (2020 Specification)

#### Unit DN2

##### Learning Outcome 10.8

The Government has implemented new legislation with the intention of strengthening product safety legislation moving forward. The **Product Regulation and Metrology Act 2025** came into force on 21 July 2025. Its powers provide the UK with the choice to either recognise updates to certain EU product requirements, including the CE marking, or to end recognition of these requirements.

You should also note that **BS 30417:2025** provides guidance on the provision of inclusive PPE. Those involved in the purchasing, supply and use of PPE should ensure that the equipment is suitable for the workforce, including under-represented groups or communities.

BS 30417:2025 is available free of charge at <https://knowledge.bsigroup.com/products/provision-of-inclusive-personal-protective-equipment-ppe-guide>
