# WHY RRC?

For more than 90 years, RRC (The Rapid Results College) has been involved in education - developing, maintaining and delivering innovative training programmes. We offer a broad range of health, safety, environmental and quality management training, including NEBOSH, IOSH, CIEH, and IEMA courses.

RRC's course materials are highly respected and are used worldwide by training providers and educational organisations to deliver high-quality learning programmes that meet the syllabus requirements of the relevant awarding bodies.

RRC's courses are developed by a dedicated in-house team working to the highest quality standards. Only the very best subject experts are commissioned as writers. Our Course Development team comprises not only tutors who are experts in their chosen subjects but also experienced educationalists. RRC's materials are reviewed and updated constantly, with major revisions notified quarterly.

## QUALITY

As you would expect, all of RRC's courses are accredited by the relevant awarding body (including NEBOSH, IOSH, CIEH, IEMA and CITB). But we go further than that; RRC is ISO 9001 accredited, – further assurance of the quality of our courses.

Please note that the purchase of RRC resource material does not denote accreditation by awarding bodies.

## INNOVATION
