

IOSH Safety for Executives & Directors

IOSH Safety for Executives & Directors

IOSH Safety for Executives and Directors provides a thorough overview of the moral, legal and business case for proactive safety, health and risk management, strategic safety and health management, and its integration into holistic business management systems and procedures.. This course ensures that Senior Management are fully aware of their joint and individual health and safety responsibilities in the day-to-day running of their organisation. IOSH Safety for Executives and Directors is designed for those who have overall operational or strategic accountability for an organisation across all industries and organisations.

Course Content

IOSH Safety for Executives and Directors covers the following topics:

- Module 1: The moral, legal and financial case
- Module 2: PLAN – Planning for Health and Safety
- Module 3: DO – Implementing Health and Safety
- Module 4: CHECK – Monitoring Health and Safety Performance
- Module 5: ACT – Improving Health and Safety Performance

Assessment

IOSH Safety for Executives and Directors is assessed by a short multi-format exam (consisting of a variety of formats such as true/false, multiple-choice and matching).

Successful delegates are awarded an IOSH certificate.
