

NEBOSH Health and Safety Management for Construction (International)

The **NEBOSH Health and Safety Management for Construction (International)** (ICC) provides a broad understanding of construction related health & safety issues and is an essential qualification for anyone with health and safety responsibilities in the construction industry. With reference to ILO standards, the NEBOSH Health and Safety Management for Construction (International) focuses on industry best practice. It is suitable for:

- Construction Site Managers
- Contracts Managers
- Site Workers with health & safety responsibilities
- Construction Health and Safety Advisors

Course Content

The **NEBOSH Health and Safety Management for Construction (International)** is made up of one unit:

Unit IC1: Managing Construction Safely

- The foundations of construction health and safety management
- Improving health and safety culture and assessing risk
- Managing change and procedures
- Excavation
- Demolition
- Mobile plant and vehicles
- Working at height
- Musculoskeletal health and load handling
- Work equipment
- Electricity
- Fire
- Chemical and biological agents
- Physical and psychological health

Assessment

Unit IC1 is assessed by a scenario based Open Book Exam completed at home. It will take around 8 hours and you have 48 to complete the assessment and return it to NEBOSH.

Exams are available 4 times a year.
